

Crucorney

Topical design

Bold and appealing ghost and pumpkin designs

Fantastic location; could easily stop to view and could see the bales from a distance

Contact details were small but readable

Could have used one more bale for contact details to be bigger

Abergavenny

Nice variety of eye catching images on top bales

Simple designs on the back of the bales to add to the design

Variety of contact details included

Can be seen from a good distance as approaching but no where to stop and view other than the farm lane

Red writing harder to read from a distance

Could have had one less Gwent bale sticker and used the additional bale to present the contact details bolder and clearer

Bedwas

Fantastic idea

Very eye catching

Good variety of different shades of green spray

Shame no Gwent bale sticker was included and no club contact details

Paint had unfortunately run on the board

Usk

Appealing but simple design

Good location

Clear spray painting

Shame no club contact details included

Raglan

Nice cow design

Clear separate board for Club name

Good location from the junction opposite

Shame there were no contact details for the club included

Wentwood

Great idea, designs very topical

Good location

Nice use of YFC Banner

Clever idea to do two designs for the different sides

Shame the facebook information had started coming off

The red contact details could be a clearer colour and could be higher in location to be more prominent from a distance
